About Us

Founded in 2009, KIVA has emerged as a provider of digital solutions aimed at optimizing business operations and driving peak productivity. With a robust presence in over 40 industries, we specialize in serving enterprise-scale businesses, offering them our cutting-edge CRM system and comprehensive business application solutions.

Through our three renowned brands, KIVA CRM, Attornaid, and Docyrus, we have earned the trust of industry-leading companies, successfully assisting them in managing their operations for over a decade. Our commitment to excellence and customer satisfaction remains unwavering as we continue to empower businesses with transformative technology solutions.

KIVA | Our Value

Vision

Through our proactive approach in anticipating industry trends and harnessing cutting-edge advancements, we are dedicated to empowering our clients to achieve their business objectives and outperform their competition.

Mission

By combining innovative thinking with our deep technological expertise, we aim to bridge the gap between businesses and technology, enabling seamless integration and driving sustainable growth.

No-Code Platform for Work Management & Productivity

docyrus

Work Management

Manage projects, files, databases, assign tasks to team members, and organize documents in different views.

Team Productivity

Track and manage teams with internal messaging chat and collaborate simultaneously by commenting in real-time.

Customizable Platform

Create solutions without writing a single line of code using drag and drop tools. You can use ready-to-use templates or customize them according to your preferences.

Enterprise Apps

Suitable for large companies' operations with enterprise-grade apps and solutions. Create complex workflows and apps with advanced functions.

KIVA

Operational CRM and Business Intelligence Platform

KIVA CRM

Business Development

Optimize your sales force automation, marketing tools, customer services, call center operations, and HR and recruitment processes.

Team Management

Effectively handle contact management, task assignments, and team collaboration with seamless integration, file sharing, and messaging features.

Sector-Specific Solutions

Tailored modules designed to enhance customer satisfaction and operational efficiency in various industries.

Counseling Service

Receive personalized guidance and support through our dedicated call center to keep your business on track.

Business Management Solution for Lawyers and Law Offices

attornaid

Case Tracking

Stay updated on the activity dates of your files, such as hearings and examinations. Access your notes through a calendar app with reminders.

File Management

Manage all your work and reports on file basis by keeping track of your case, execution and consulting work.

Client Management

Record the contact information of your clients, including related files, documents, expenses, events, tasks, and current account data.

Pre-accountancy

Set attorney hourly rates in different currencies, create price lists and associate them with files.

Career

At KIVA, we provide a professional and corporate environment that highly values your career growth. Our experienced team collaborates to develop digital solutions for industry-leading companies, creating pathways for growth and innovation. With diverse positions available across departments, we foster a culture of excellence and collaboration, where all ideas are respected and nurtured.

KIVA | Tech Ecosystem

Our strategically positioned offices in Istanbul, İzmir Teknopark, and San Francisco are situated within thriving tech ecosystems. With close proximity to renowned universities, research institutions, and pioneering companies, we provide a corporate environment that fosters collaboration and empowers tech professionals to develop groundbreaking digital solutions that drive industry transformation.
